

Sanctuary

Photographs by Sharon Lee Hart

Sharon Lee Hart's work in the **Farm Animal Sanctuary Project** investigates the relationship between humans and other animals, and how animals exist as unique beings with emotions and characteristics as diverse as any human. She visited and photographed the animal residents at ten US farm animal sanctuaries, which are all dedicated to the rescue, rehabilitation, and lifelong care of abused and neglected farmed animals. A formal portrait was made of each animal to highlight his or her personality and convey dignity.
